

# Mountains Move

## A Prayer Guide for Our WVCSB Family on Mission

*W*ith the highest average elevation east of the Mississippi, West Virginia knows mountains—so do West Virginia Southern Baptists. Our greatest mountain, though, isn't physical but spiritual: lostness. Rural communities, economic challenges, and cultural barriers can make gospel work here feel uphill.

But faith still moves mountains. The West Virginia Convention of Southern Baptists exists to help churches cooperate, pray, and go—believing that God alone can move the obstacles that stand between people and the gospel.

These monthly prayer prompts invite pastors and church leaders to join together in humble, expectant faith—trusting that God will work through our churches and convention for his glory and our good.

God can move any mountain—physical, spiritual, or cultural. Let's pray in faith and watch him move in and through **W-E-S-T-V-I-R-G-I-N-I-A**.
